You will soon receive your first waste bill for 2025

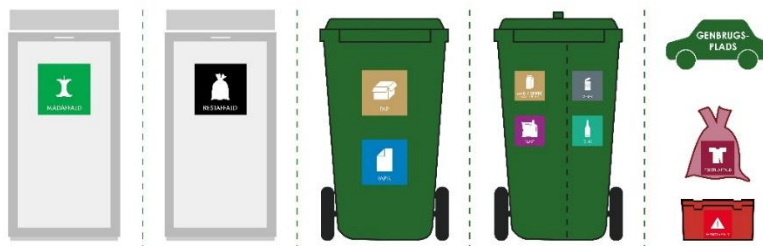

As of January 1, 2025, Billund Vand & Energi has been responsible for waste management instead of Billund Municipality. This means you will receive the bill from us going forward. This letter gives you a brief overview of what you need to know and do.

What you are paying for

Your bill covers waste collection and access to the recycling center for

Address, zipcode and city

If you want to see which bins you are registered for or change the number of bins, you can do so at www.billundvand.dk/skraldespande or in the Affaldsportal app. For a typical single-family house, you must at least have the standard solution shown below.

Payment service – Sign up today

If you sign up for the payment service, you will receive your bill digitally. To be enrolled in the payment service in time for your first bill, you must sign up no later than **July 13**. If you receive a payment slip by post, you must pay it.
